## PANEL AND ACTIVITY FYIS

This year we will be offering awareness sheets for our panel rooms to give people a heads up about the types of things they may be exposed to during the activity, such as loud noises or various content warnings. We want to ensure that our attendees not only have fun, but a great experience in general – we also want to enable our panelists to have a smooth experience by letting their audience know what they're getting into ahead of time!

We encourage our attendees to keep an eye out for these sheets outside of the panel rooms, and strongly encourage panelists to make use of these sheets and having them up prior to their start time.
